

We trust you've all had an enjoyable summer, hopefully with some time to relax. We have all enjoyed some time off this summer and we would love to share briefly with you our experiences.

Kari Does Hawaii— My husband, Jason, and I celebrated our 20th wedding anniversary in Hawaii. We enjoyed a wonderful week on the island of Oahu. We were privileged to visit the Pearl Harbor Memorial on July 4th. That was extremely moving. God surprised us with His amazing creation. I saw my first full rainbow and my first double rainbow. It was a wonderful reminder of His promise to us. I loved the opportunity to get away for a bit and celebrate the life that God has given us. Here's to many more!

Holly's Mission Trip— In July, God called me to Indonesia. I spent 2 weeks on the island with a team of 4 others from my church. We lived in villages with the local people, we shared meals as well as quality time. The goal was to open doors for the missionaries, through building friendships, in the densely populated Muslim nation. The missionaries have a good friend who is a devout Muslim and he joined us for meals and outdoor excursions. He even stayed in one of the homes with us, too. When he went back to his home village, he sent a text message saying he was praying that we would arrive home safely, and that he missed us already. God has been working in his heart to see the good in his Christian friends.

IRS Scam Calls

We continue to receive calls from clients reporting that they have received a call from the IRS or US Treasury saying that they owe money to the IRS. These calls are scams! The IRS will NEVER initiate contact with taxpayers via phone or e-mail. If you should receive a letter from the IRS, please feel free to contact us. We are happy to assist you with it.

Tax Appointments

As we prepare for the 2016 tax season, we would like to remind you that we will begin scheduling appointments in December. If you are calling to schedule an appointment, we look forward to hearing from you then.

Cloud Cabinet- Added Security

For those of you who have already enjoyed using Cloud Cabinet, we want to update you on a new added security feature.

The new feature is for your identity protection, to help eliminate any fraudulent activity, and to keep your privacy at a maximum. A new page appears when you log in, asking for a security code. The options to receive this code are through a text sent to your mobile phone, a call to your phone, or by using an Authenticator App. Please feel free to contact us if you have any questions.

Daun is Headed Down Under: As some of you may know, I previously spent 10 years serving as a missionary in Australia. I have been back in the US for about 2 ½ years, however it is with joy that I share with you that He has opened the door for me to return to full time ministry in Australia. I have been invited to join the Student Life Ministry of Cru (formerly Campus Crusade for Christ).

Once there I will be working with a team that has a presence on 5 university campuses, with a focus on International Students- there are approximately 50,000 international students in Brisbane. I am currently in the process of raising my support, and will continue to work at Pel & Associates during this time.
